

## **Summary of the project proposal**

The project proposal should be one page maximum following this template:

- What is the problem/question that you will be investigating?
- What are the most relevant readings ? (2-4 papers)
- What data will you use?
- What are the existing methods? Are their implementations available?
- What method or algorithm will you use?
- How will you evaluate your results?
- Qualitatively, what kind of results do you expect (e.g. plots or figures)
- Quantitatively, what kind of analysis will you use to evaluate and/or compare your results (e.g. what performance metrics or statistical tests)?
